

# Scavengers

## Tubing Adapter #19-0091

Reduces from 22mm female to 19mm male. Ideal for converting older pop-off valves to 19mm standard.

#AU-184000  
100' coil 19mm I.D.  
Scavenger tubing, Blue color, segmented to every 12" to facilitate cutting.

#53-4-1041-50

5 Liter Flat Breathing Bag  
Bags have standard 22mm Female insert.

Used as a reservoir on older gas scavenger systems.

**CONTAINS LATEX**

## Gas Evacuation Tubes

These conductive gas evacuation tubes are supplied with 19mm cuffs and are designed for use in replacement on the gas evacuation system of anesthesia machines.

- #AK-22700DP 10", 5/8" diameter, 19mm ends, (Drager #9995210A). EPDM (Ethylene Propylene Diene Monomer).
- #AK-22689DP 20", 5/8" diameter 19mm ends, (Drager #9995220A). EPDM (Ethylene Propylene Diene Monomer).
- #AK-22691DP 30", 5/8" diameter 19mm ends, (Drager #9995230A). EPDM (Ethylene Propylene Diene Monomer).
- #AK-22692DP 39", 5/8" diameter 19mm ends, EPDM (Ethylene Propylene Diene Monomer).

## WAGD (EVAC) GRILL ASSEMBLY

#32-83160005 **INCLUDES:**

- Mounting hardware with nuts and washers (2 ea. 8-32 x 2 in. screws)
- Scavenging Tubing - 19mm diameter x 96 in. length

### OPTIONAL:

- Scavenging tubing per ft. #32-83160006
