Ventilator Support Arms

The **Model BL Series** support arms have the following prominent features that were designed for your strict requirements:

1. Easy but lightweight.
2. Easy to operate.
3. Capable of holding at least 4lbs in either still or moving condition.
4. The special design arm shafts will not come off after as many as seven unfastening turns.
5. Pivot torque nut in center of hinges is capable of sustaining considerable torque, insuring support strength integrity.
6. The friction rings are strong enough to tolerate the maximum tightening force without deforming or wearing out.
7. Shiny finished surfaces are easy to clean and maintain.
8. The flex pipe, when bent vertically or horizontally to a position at an angle as large as 30 degrees, will hold its position without any self-return movement.

- Made of sturdy Anodized Aluminum & Steel
- Packaged: Individually

Enhances patient comfort and safety!

#GZ-BE 122-24
Flexible Support Arm
- 24" & extension for 38" total length

#GZ-BE 122-30
Flexible Support Arm
- 30" & extension for 44" total length

Fits into a Sleeve Base with Locking Position Pin (included)

Flexible Support Arm Brackets
Attach “Flex Arms” to a pole, rail, bed, stretcher, etc.

- Reusable
- Anodized Aluminum
- Packaged: Individually

#GZ-BE 122-2TSB
4” Double Tubing Clamp

#GZ-BE 122-2TB
8” Double Tubing Clamp

Flexible Support Arm Double Tubing Clamps
- Reusable
- Packaged: Individually
- Polypropylene
- Anodized Aluminum
- Phenolic Ball Knob Mount

#GZ-BE 122-2TSB
4” Double Tubing Clamp

#GZ-BE 122-2TB
8” Double Tubing Clamp

Flexible Support Arm Brackets
Attach “Flex Arms” to a pole, rail, bed, stretcher, etc.

- Reusable
- Anodized Aluminum
- Packaged: Individually

#GZ-BE 114-5
Universal Rail Mount Bracket
Permits rail mounting of “Flex Arms”

#GZ-RB 002
Compact Rail Mount Bracket
Permits rail mounting of “Flex Arms”

#GZ-BE 114-5K
Replacement Rail Mount Bracket Knob
For #GZ-BE 114-5

#GZ-BE 114-1
3-Hole Pole Mount Bracket
Permits pole mounting of “Flex Arms” on poles as large as 1”

#GZ-BE 114-2
3-Hole Pole Mount Bracket
Permits pole mounting of “Flex Arms” on poles as large as 1-1/2”

#GZ-BE 114-K
Replacement Pole Mount Bracket Knob
For #GZ-BE 114-1 & #GZ-BE 114-2

#GZ-KC-1
Replacement Spring Ball Clamp
- Reusable
- Steel
- Fits #GZ-BE 122-24 & #GZ-BE 122-30
- Packaged: Individually

#GZ-BE 122-S
Replacement Sleeve
- Reusable
- Anodized Alum.
- Fits #GZ-BE 122-24 & #GZ-BE 122-30
- Packaged: Individually

#GZ-BE 122-24
Flexible Support Arm
- 24” & extension for 38” total length

#GZ-BE 122-30
Flexible Support Arm
- 30” & extension for 44” total length
